

**Yellow Sticker gig again, the ribs were a little over £2. Sometimes there is more bone than meat, but these were pretty meaty.**

Celeriac was out ?Universal Soldier this time last year but this year they have been quite small and pricey, until now. The one we have in the fridge is a good sized creature and cost the princely sum of 60p. We like a home made Coleslaw as it?s a tasty and low cost plate filler.

The Coleslaw is really simple:-

### **Ingredients:-**

1 medium Onion  
1 Carrot, peeled  
A slice of Celeriac peeled  
Pepper  
Mayonnaise  
Smashed up Black Lime

### **Method:-**

- (1) Cut all the vegetables into very thin strips.
- (2) Mix everything in sufficient Mayonnaise to coat.
- (3) Sprinkle with smashed Black Lime and freshly ground Black Pepper.

**If you don?t have Black Lime (most folk really I guess?!) A squeeze of Lemon juice will do the trick.**
